PROFESSIONAL SUMMARY

Second-year BSc (Hons) Computer Science undergraduate at APIIT with a strong interest in Mobile Application Development. Familiar with Flutter, Dart, Java, C#, Firebase, MySQL and UI/UX design, with hands-on experience through academic mobile, web and interface design projects. Interested in building user-friendly applications and continuously developing technical and problem-solving skills.

TECHNICAL SKILLS

Mobile Development

- Flutter
- Dart

Programming Languages

- Java, C#, Python, C, C++

Web Technologies

- HTML, CSS, React

Databases & Backend

- MySQL, Firebase

Cloud Technologies

- AWS

Development Tools

- Android Studio, Git, GitHub

UI/UX & Prototyping

- Figma, UI/UX Design

EDUCATION

BSc (Hons) Computer Science

Asia Pacific Institute of Information Technology (APIIT), Sri Lanka

2024 - 2028 (Expected) | Currently in Year 2

Foundation Certificate

Asia Pacific Institute of Information Technology (APIIT), Sri Lanka

Completed: February 2025

ACADEMIC PROJECTS

Mobile Shop Application

Flutter | Dart | Mobile Application Development

- Developed a mobile shop application using Flutter and Dart.
- Designed mobile interfaces for browsing and interacting with shop products.
- Applied Flutter widgets and mobile application development concepts when building the application.

CityRide - Ride-Booking Mobile Application Design

Figma | UI/UX Design | Mobile Application Design

- Designed a mobile ride-booking interface with pickup, destination and vehicle-selection features.
- Created ride-booking and driver-arrival interfaces with a focus on simple navigation.
- Applied mobile UI/UX principles, typography and visual hierarchy.

MediLink - Emergency Dispatch System

Figma | HCI | UI/UX Design | Prototyping

- Designed interfaces for an emergency dispatch system supporting desktop dispatchers and smartwatch-based paramedics.
- Created personas, user flows and interface wireframes for different users and devices.
- Applied HCI principles including Fitts's Law and Hick's Law when designing interactions.

Nutrition Website

HTML | CSS | Web Development

- Developed a nutrition-focused website using HTML and CSS.
- Designed a clear and user-friendly interface for presenting nutrition-related information.
- Applied front-end web development principles when creating the website.

ADDITIONAL SKILLS

- Problem Solving
- Teamwork and Collaboration
- Communication
- Time Management
- Willingness to Learn
